BIG JOB FOR NEW COMPANY.

President E. E. Reynolds, of the American Wire Company, of Clinton, Iowa, was in the city Friday and let a contract to the Cloverport Foundry and Machine Company for the manufacture of sixty wire looms to be used by the former company in their new plant at Clinton. The looms, when completed, will cost \$31,000, or \$350 each.

The contract is to be finished by the first of August.

Mr. Reynolds and President Madison L. Christian, of the Cloverport Foundry & Machine Company, left Saturday for Chicago, where the pattern for each piece of the wire loom to be manufactured will be gotten out. The pattern work will be done here but will require more time than at Chicago. President Christian is expected to return from Chicago in the next ten days with the pattern machine. Within the next week the foundry works will be in shape to turn out the first castings for the looms.

The contract secured from the American Wire Company is considered a large one for a new concern, like the Cloverport Machine and Foundry Company, but one which, at the same time, has the necessary facilities for turning out the work.

DEBTS WORRIED HIM.

Guy Deane, who was located in Waco, Texas, last week, returned to Owensboro Saturday afternoon at 3:30 o'clock. A reporter for the Owensboro Messenger went to Mr. Deane's home that evening and asked Mr. Deane if he would like to make a statement concerning his absence and its motives. Mr. Deane declined to make any statement whatever. Concerning the matter Sunday's Messenger, says, in part: "It has become known, however, that Mr. Deane's queer conduct was the result of financial difficulties. He was harassed with debts he could not meet and, after long worrying over them, felt he could no longer battle with them, and on the impulse went to Mexico and secured a position. In a day or two, however, thoughts of separation from his wife and child overweighed him and he returned to the United States, going to his nearest friends, Mr. and Mrs. R. S. Triplett, Jr., at Waco. Then he wrote to Mrs. Deane and Mr. P. Arian. He has no grave friends, pressed and unpressed but that is all."

Four Escape; Two Dismissed.

Of the six drunken youths who broke up a singing school at Pinechico, in Hancock county, on Saturday night, February 27, four fled to Breckenridge county and two were tried before Judge Stephens last week and dismissed because of defects in the warrants. The two tried were Will Warner and Sam Oreston. Those who escaped to this county were Jake and John Richards and Otis and Scott Smith.

Wentz Must Pay \$4,000.

The suit of Allen S. Edeles, of Burgin, Ky., against Dr. John L. Wentz, of Beranton, Pa., to recover \$4,000 for alleged breach of contract to buy a pair of horses, resulted in a verdict for the full amount of the plaintiff, plus the interest on the sum and the board of the horses since last fall, in a Louisville court last week. Mr. Edeles married Miss Elizabeth Beard, of Hardinsburg, where he is well-known.

Funeral at Webster.

The funeral of Horace G. Stewart, mention of whose death will be found on another page, was held Saturday at Webster, his old home. Mr. Stewart did not die at the Kentucky Tobacco company's plant, but was injured there and died at St. Joseph's Infirmary last. A slight mistake in the first sentence of the article about his death gives rise to this correction.

Barrington Found Guilty.

The jury in the case of F. Seymour Barrington, on trial at Clayport, Mo., charged with the killing of James J. McCann, last June, found the defendant guilty of murder in the first degree, Saturday at midnight. The murdered man was husband of a Miss Jessie Callaway, who, several years ago, was a waitress in this city.

CITY COUNCIL PROCEEDINGS.

The city council held its regular meeting Monday night with the following members present: Joe Pritch, C. S. Lamb, Henry Yeager, S. H. McCracken, J. W. Pate and J. H. Brown. Councilman Lamb was elected mayor pro tem in the absence of Mayor Reid. Much minor business was passed upon and only a few important questions were up for consideration.

Mike Popham applied for license to run a pool table in the city and same was granted.

Ordinance No. 44, prohibiting vehicles of all kinds on sidewalks was passed. The street committee was instructed to notify Mr. Jno. Lillard either to repair or remove the shed attached to his tobacco warehouse, as it is in a dilapidated condition.

Among other accounts and claims, J. R. Skillman and J. A. Deane, the Owensboro attorneys, were allowed \$50 for services to the city in the Jno. Hall case.

The bill recently introduced into the State Legislature asking that towns of this class be empowered to employ an attorney outside of the city at a regular salary, was discussed to some extent. The bill was originated by the council, drawn up by Mr. Skillman, and introduced in the House by Mr. Day and in the Senate by Mr. Richardson. If the bill is passed the council expects to employ Mr. Skillman.

The council adjourned to meet next Monday night to consider bids for electric lights.

DIES AT RIPE AGE.

Mrs. Jane M. Fairleigh, relief of the late James L. Fairleigh, of Meigs county, died Saturday afternoon in Owensboro at the home of her daughter, Mrs. Chapeze Wathen. She had been ill for several months and her death was expected. She was seventy-nine years of age. Mrs. Fairleigh was prominently connected in this city, Owensboro, Hardinsburg and Brandenburg. She was a daughter of the late Col. D. R. Murray, of this city and is a half-sister of Gen. D. R. Murray, of Hardinsburg, and Logan C. Murray, of Louisville. Mrs. R. L. Newsom and Mrs. J. D. Brashear, of this city, are her nieces. She is survived by three children, David Hall, and J. A. Fairleigh, of Louisville, and Mrs. Chapeze Wathen, of Owensboro.

Mrs. Fairleigh lived in Brandenburg the greater part of her life and resided in Owensboro some time more than a year.

The remains were taken to Brandenburg Sunday morning for interment.

NATIONAL CAPITOL.

The Smoot investigation and the appointment of a national chairman of the Republican party are the most engaging topics at Washington just at present. A special says that Senator Quay wants Roosevelt to appoint Senator Penrose to the position left vacant by the death of Hanna, and the leaders are said to be favorable to the movement. In this case Penrose would be chairman in name only, while Quay would really be the campaign manager. In the Smoot investigation, President Joseph F. Smith, president of the Mormon church and a state witness, says that he is not a polygamist, that he will never desert his five families and that Congress has no right to meddle with his affairs.

Logan Murray Robbed.

Porch-climbers made rich hauls at the home of Samuel A. Culbertson and Logan C. Murray, on Third avenue, Louisville, Friday evening, securing jewelry and money to the amount of \$5,400. At the home of Mr. Culbertson, 1624 Third avenue, the thieves secured diamonds and other valuable jewels the value of which is valued \$1,200 by Mrs. Culbertson, and some personal property it was white at the home of Mr. Murray, 1630 Third avenue, but a few doorknobs of the Culbertson home, they secured Mr. Murray's watch and several jeweled pins belong to members of the family. The watch is valued at \$100, while the other jewelry taken is worth about \$100.

Sells Large Monument.

J. E. Keith was in Owensboro Friday and sold a large Barre granite family monument to Richard Ware.

Presidential Booms.

Washington, March 7.—The Parker Presidential boom continues to gain strength among Democratic members of Congress. The Hill victory in the New York State committee has given it quite a lift. The crystallization of sentiment among Southern Congressmen in the last ten days on Parker has been followed by a distinct setting of the tide of the North-west toward the New York Judge. Former Gov. Lind, of Minnesota, said today that the Northwestern Democrats now looked to Parker as a man on whom all might possibly agree.

The Washington Post in its news columns today, says that Parker sentiment is growing rapidly among Democrats in Congress.

Quay Wants Penrose.

Washington, March 5.—Gov. Odell's decision to cancel his engagement with the President is attributed to his desire to allow matters in the Republican party in the Empire State to drift along for a few days without taking any decisive action. The Governor is busy harmonizing things by humiliating Senator Platt through the removal of his friend, State Chairman Dunn. It is announced that the "Old Man" is politically dead. This has happened about one thousand times. When the Democrats roll up a big majority in New York this fall the Odell crowd will probably blame it on Platt regardless of the fact that he is now supposed to have no power in New York Republican politics. The Governor also takes occasion to deny that he is after the chairmanship of the National Committee. He even goes further and says he would not have it on a silver platter.

In this connection, Senator Quay, of Pennsylvania, saw the President this morning. Quay wants his colleague, Senator Penrose, to step into Hanna's shoes. With Penrose the titular chairman, Quay would really have the management of the campaign, and in case the Republican ticket should be elected, Quay would hold the same position as Hanna held under McKinley. The relations between President Roosevelt and Senator Quay are already very close and the President is seriously thinking of taking the advice of Quay and asking his representative, Penrose, to accept the chairmanship.

WITH STATE SOLONS.

Next Thursday the General Assembly will adjourn sine die.

With six working days left, something like \$200 bills remain for consideration. Nearly all the important measures were passed during the first month of the session.

On Saturday the House authorized a committee to investigate certain charges made against the management of State prisons. Also on Saturday Governor Beckham signed the bill re-establishing the Geological Survey at an annual cost of \$15,000. Many other bills of more or less importance are before the Governor this week for his approval.

Grider, assistant; Tobacco, C. D. Campbell, Frank Sutton, assistant; Forestry, A. N. Struck, William Box, assistant; Education, E. H. Mark; Horticulture, M. F. Johnson; Transportation, J. J. McFoy; Fine Arts, J. M. Eddy; Woman's Work and Relics, Mrs. Fannie A. Carother.

Twenty-seven candidates announced for hostess of the Kentucky building. Several ballots were taken, but at no time did any candidate receive eight votes, a majority of the commission.

Work to Begin Soon.

Work on the building of the Kentucky Tract Company's road between this city and West point will be begun probably next month.

"We are making all preliminary preparations," said F. Joseph Herrmann, of the traction company. "Everything is now ready to begin actual work building the road as soon as the warm weather opens." The ultimate terminal of this road will be Nashville—Louisville Herald.

IS MUCH IMPROVED.

The condition of Mr. A. B. Skillman is much improved over what it was when he was taken on Tuesday of last week to Louisville to be operated on at St. Joseph's Infirmary. Unexpectedly Mr. Skillman began to improve when he arrived at the infirmary and it was decided not to perform the proposed operation. Since then he has been steadily improving and his physicians now report his condition normal. He will return to this city today if the weather is favorable.

MORE TAXES TO PAY.

Hardinsburg, Ky., Mar. 8.—(Special).—County Court Clerk W. F. Hook has completed the recapitulation of the assessor's book for the year 1904. It shows a total of \$4,281, 518 worth of property in the county. The exemptions amount to the sum of \$607,371, leaving for taxation a total of \$3,774,147.

This is an increase of \$7,694 over the assessment of last year. The Hardinsburg Magisterial district shows the largest part of this increase and lists more property than any district in the county with the Cloverport district a close second. A comparison of the assessments of the various districts, shows that the people of Hudsonville list their property better than those who live in other portions of the county.

Sprague in Trouble Again.

The blowing out of a cylinder head on the mammoth towboat Sprague caused dissolution and disaster to a big tow that the boat was trying to shove up-stream over the falls at Louisville Monday. The Sprague had a tow of thirty-four pieces, thirty-one empties and three loaded lumber barges and was assisted by the steamers Transit and Fulton.

ONLY ONE ARMED.

There were a number of minor civil cases and three criminal cases in the regular police court Monday.

Willis Clark was fined \$2 and costs for disturbing the peace and Chas. Barreux, colored, \$1 for boarding a moving train.

Saturday at midnight several pistol shots were fired at the negro dance hall on upper Water street. A dance was just breaking up and Marshal DeHaven went to the scene to learn the trouble. He could find no one who did the shooting but searched about twenty-five of the male participants in the dance. On only one, strange to say, he found a revolver. Guy Belmer, the unfortunate one, was tried before Judge Wells Monday. It was proven that he had the weapon but that it was not concealed. No other arrests were made.

The Breckenridge News.

WEDNESDAY, MARCH 9, 1904

Obituary.

Mrs. Lydia Davis, wife of William Davis, deceased, was born Nov. 17, 1817, and died Jan. 27, 1904. She professed religion when a girl of fifteen, united with the Cumberland Presbyterian church, and lived a consistent Christian for seventy-two years.

On Dec. 24, she fell in her room and dislocated her hip joint, from which she suffered severely for five weeks.

Her friends frequently heard her calling on the Lord to be with her in her great suffering, and when told that hope was all gone she said, "All right, I am ready." We feel assured, after God led her in the straight path during these many years that He was with her "through the valley of the shadow of death," for He has said, "Blessed are the pure in heart for they shall see God." It is hard to give up such a dear and faithful grandmother but we can only say, "Lord make us heirs to that heavenly home, where her immortal spirit will forever dwell, that we may meet her again."

Oh, how sweet it will be in that beautiful home, with songs on our lips and with hands in prayer, to meet one another again.

Kentuckians Are Mum.

Washington, March 2.—Democratic Congressmen from States East and West, North and South, are talking out in meeting for their favorite candidates for President, Parker, Cleveland, Hearst, Olney, Williams and the rest, but your Kentuckian is dumb as an oyster. Some of them appear to be in the attitude of one who is a keen listener and expecting things to happen suddenly.

A direct question to one member of the Kentucky delegation elicited this answer: "I am for the most available man. I have not decided who I think that is. But no one who has any connection with Cleveland can be nominated. Hearst has elements of strength, and I do not see what the talk of his weakness is based on. He has many friends, but he is said to be too near to Cleveland. John Sharp Williams might be the man."

Unquestionable the growth of the Bryan-Hearst sentiment in Kentucky has had its effect at this end of the line.

ORATORIO SUNDAY.

The sacred oratorio-cantata, "David, King of Israel," will be rendered at the M. E. church, South, next Sunday evening by the choir and other singers of the city. The singers, under the instruction of A. H. Murray, have been rehearsing for the occasion for several weeks, as stated in the News several issues back, and have made good progress. There will be no preaching next Sunday evening at the Methodist church, as the entire regular service hour will be devoted to the singing of the cantata. Much interest has been taken in the innovation introduced by Mr. Murray and a large audience is expected to be present to hear the first public song service of this kind ever given in a local church.

Proof Against Beatty.

Owensboro, Ky., March 3.—A special from Fordville says the proof against A. C. Beatty, arrested at Louisville for having counterfeited money in his possession, has been found. Beatty had a store at Fordville. His father took possession of the stock, and when he went to move it out the Town Marshal was present. On moving the safe the Marshal found the dice that had been used in raising the bills found on Beatty. They will be forwarded to Louisville to be used as evidence. It is said that they were extremely well made.

In the City on Business.

Charles M. Way, President of the Minneapolis Bedding company, the Minneapolis Brick and Tile company and the Ozone Chemical company, of Minneapolis, Minn., was in the city Friday and Saturday on business. Mr. Way, when seen by a representative of the News, said that he was here looking over the mineral resources of the country with a view of making some local deals, but could not give at present any definite information as to what investment his company would make in this section. While in the city Mr. Way made a visit to the Patton brickyard and secured information as to the time and terms of the sale of the yard to be made March 23, by order of the United States court.

Old mother nature has never been improved upon—sometimes she needs a little assistance over hard places though.

But when we assist her, the nearer we keep to her own methods the better. Sometimes digestive organs need help; we have indigestion. Peppin is what nature has selected to do the work of digestion in the stomach, hence, the best help to digestion is peppin. The pleasantest and the most beneficial way to take peppin is with pure port wine, as combined in Walther's Peptonized Port, and sold by A. R. Fisher, druggist, in that form. The port itself is a valuable tonic.

Small size 50 cents, large size \$1.00.

The Birch.

Old writers in mentioning birch trees seldom failed to say solemnly that they were useful to grow branches with which to give boys thrashings. Turner regards the supply of "flexible, potent branches" for purposes of punishment as the chief merit of the tree. Coles also based his estimate of the birch chiefly on its use in the supply of rods as instruments of punishment, for he writes: "The civil uses whereunto the birch serveth are many, as for the punishment of children, both at home and at school; for it hath an admirable efficacy upon them to quiet them when they are out of order, and therefore some call it makepeace." In ancient Rome the fuses of the lictors, with which they cleared the way for magistrates, were formed of rods of birch, and their influence was sufficient to insure a rapid dispersion of non assembled where they would impede the passage of the administrators of the law. From that time to within a comparatively recent period the birchen was regarded as one of the most important deterrents of juvenile depravity.

Look Up.

The troubles of people are unnecessarily multiplied by the fact that they are forever looking down instead of up, which is only another way of saying that they live on a low plane instead of on a high one; and that they breathe the miasmatic airs of the swamps instead of the pure ozone of the hills, and so miss the real meaning of the true happiness of life.

The Story of Toledo Cathedral.

The cathedral of Toledo is perhaps the finest architectural glory that Spain can boast. The site was occupied by at least three churches before the erection of the present building, the first one, according to popular legend, having been erected during the lifetime of the Virgin Mary and visited by her. Of this church we know nothing. The second was pulled down in 1632. The third was finished in 1885 and was occupied by the Moors for many years as a mosque. Afterward it was the cathedral of Spain, until in the early part of the thirteenth century Alfonso IX. had it pulled down and the present one erected in its stead. It is 404 feet long and 294 feet wide, is built from material quarried in the neighborhood and is of the purest Gothic. It was designed by Pedro Berriz Plaz, whose elevation of its execution for nearly fifty years and consecrated his life to it. During the five centuries after his death more than 150 architects were employed upon it, and for 200 years the work was uninterrupted.—St. James Gazette.

Through Women's Eyes.

As a finely dressed woman entered the "L" train every other woman in the car eyed her clothes closely. "There," said a man to his wife, who was making a close inventory of the new arrival's dress, "that is what I don't like about women. They display such interest in other women's clothes. You see it everywhere—in parlors, at receptions and balls and in public conveyances. You never see men acting that way. I am inclined to believe it is owing to men's finer judgment as to what is proper. They know that to take note of another's dress is the height of bad manners, and they abstain from doing it."

"It is very nice of you, of course, to praise your own sex so," said his wife, "but your explanation is utterly wrong. The reason women notice one another's clothes is that every woman is practically a dressmaker, and when she sees a dress she views it with the interest of a professional."—New York Press.

Without doubt, the World's Fair which will open at St. Louis on May 1, will be the largest fair ever held in the world, and every man, woman and child should be interested in this great enterprise.

Conditions of this Great Contest.

Every subscriber who remits \$1.00, the regular subscription price for a year's subscription to THE BRECKENRIDGE NEWS, will receive one certificate which will secure for him any prize which his estimates entitle him to claim.

When you send in your subscription, also send your estimates of the total paid admissions at the World's Fair during May, the first month of the Fair. Write your name, address and estimate in the Subscription Blank below and mail it to THE BRECKENRIDGE NEWS.

As this contest will close on April 30, the day before the Fair opens, all will have an equal chance to win these prizes. Those who estimate or guess NOW will have a chance to win a Special Prize and just as good a chance to win the Capital Prize of \$5,000.00 as the one who guesses on the last day of the contest.

The money to pay the prizes is deposited in the Central Savings Bank, Detroit, Michigan, and can be used for no other purpose. In case of tie, or that two or more estimators are equally correct, prizes will be divided equally between them.

Health Pads on the Brain.

To get all sorts of health, the brain is a disease in itself. It is a very prevalent disease too. With a few foolish rules to observe, a whole lot of mischief begins to adjust to a schedule of superstitious sanitary notions diligently followed by day and dreamed of by night, is a malady which begins as a mental derangement and ends in a complete physical failure. No room left for a spontaneous life, no place for free, joyous liberty. Not a minute's space for rickling disregard. Everything fixed, every minute disposed of, introspections without number. Forebodings, misgivings, hovering vaguely about the mind, like flocks of carrion crows. Such a life is not worth living.—Medical Talk.

THE EASTERN WAR AS TOLD IN DISPATCHES.

Wednesday.

Japanese Government replies to Russia and declares in authorized statement that Russia's ministers forced the issue in the Far East by military and naval demonstration. Russia charged Japan with having treacherously obtained a victory by a sudden attack upon Russia, who was bent on maintaining peace.

The czar desires to go to the Far East, according to a dispatch to New York from Vienna as he is anxious to maintain the fighting traditions of his ancestors by his presence to encourage his troops.

CHEAP RATES MADE.

The general and assistant passenger agents of the Louisville and Nashville railroads, among them Lucien J. Irwin, of the Henderson route, held a conference in Louisville Thursday and agreed upon the rates to be made by all the roads, from Louisville to St. Louis, during the World's Fair. All the details were made with the exception of coach load business and special party rates.

Tickets with a ten-day limit will be sold for \$10 the round trip, which is a reduction of \$6 from the regular rates. Tickets having a limit of sixty days will be sold for \$11, and tickets good to return at any time during the exposition will sell for \$13.

The last variety are without limit, and persons buying them the first day of the exposition may use them returning on the last day of the exposition, or on any intermediate date. The rate for coach loads will be less than half the regular fare, and while it will be not as good upon it will probably be \$7.

A subsequent meeting will be held to arrange the coach-load rates, as well as the rate for special parties.

The man that makes character makes foes—Young.

All Humors

Are liver matters which the skin, liver, kidneys and other organs can not take care of without help, there is such an accumulation of them.

They litter the whole system.

Pimples, boils, eczema, and other eruptions, loss of appetite, that tired feeling, bilious turns, fits of indigestion, dull headaches and many other troubles are due to them.

Hood's Sarsaparilla and Pills

Remove all humors, overcome all their effects, strengthen, tone and invigorate the whole system.

"I had salt rheum on my hands so that I could not work. I took Hood's Sarsaparilla and it drove out the humor. I continued its use till the sores disappeared. Mrs. I. A. O. Brown, Sumford Falls, Me.

Hood's Sarsaparilla promises to cure and keeps the promise.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine smells the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-root is realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet tell. Home of Swamp-root, 100 N. 3rd St., Philadelphia, Pa. Thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name, Swamp-root. Dr. Kilmer's Swamp-root, and the address, Binghamton, N. Y., on every bottle.

It is up to President Roosevelt to name the chairman of the Republican National Committee, and Postmaster General Payne is being urged by his friends for the place.

Friday.

In the investigations against Reed Smoot, of Utah, to determine his right to hold his seat as United States Senator. President Joseph F. Smith, of the Mormon Church, treated sensation by acknowledging, on the witness stand, that he has five wives and still lives with them.

Grover Cleveland denies eating with C. H. Taylor, a negro, while he was President, as charged against him by Representative Scott, of Kansas.

Saturday.

Representative Stanley makes strong speech in interest of tobacco bill.

In Smoot investigation, Joseph Smith defends laws of the Mormon church, which advocates polygamy because of divine revelation, to reject which would be rejection of God.

Why People Stammer.

Stammering depends on a want of harmony between the action of the muscles (chiefly abdominal) which expect air through the larynx and that of the muscles which guard the orifice by which it escapes with that of those which modulate the sound to the form of speech. Over either of the groups of muscles by itself a stammerer may have as much power as other people but he cannot harmoniously arrange their conjoint action. Nervousness is a frequent cause of stammering. It is possible that the defect in some instances may result from malformation of the parts about the back of the mouth. The fact that stammering people are able to sing their words better than to speak them has been usually explained on the supposition that in singing the glottis is kept open so that there is less liability to spasmodic action.

A Bit of Good Advice in Time.

An Antiochian Sterling story relates to "The Lost Chord," which she made famous. The song did not appeal to her when the manuscript was sent to her by Sullivan. But Sir Joseph Barnby spent an evening at her house at half past nine, and in casual way remarked: "By the way, Arthur Sullivan has sent me a manuscript of a new song, which he has asked me to sing. You might look at it. Personally, I don't think much of it and am going to return it, but then, and before he had gone half through it, he stopped and said: "Going to return it, did you say?" It is wonderful—an inspiration. Certainly, tell him you will sing it. It is bound to 'make' both you and him." Mrs. Sterling always thanked the fates for bringing Barnby to her house that night.—London Chronicle.

NOTES OF THE RAIL.

The force in the painting department at the L. H. & S. R. shops has been increased with the object of getting all the road's equipment in shape for the World's Fair trade. It is the intention of the officials of the road to have every passenger car and engine repainted, cleaned and painted or varnished as soon as possible. To further this end some increase is being made in the force of the other departments.

The switch recently built from the L. H. & S. R. shops nearly to the west of the telegraph office, near the main track, will be used by the road for old worn cars that are to be repaired, and to relieve yards at other points along the road. The spur of track just east of the shops, formerly used for this purpose, can now be used more for general switching.

The work train has been doing some much needed work at the local railroad shops. Old timbers and other rubbish, the accumulation of years, have been removed, among other improvements. The northern side of the cut near the telegraph office has been graded and may be sodded, to improve the appearance of the yard.

Engine No. 19, after being thoroughly overhauled, is again in the service.

The News has it from a reliable source that two well known young machinists at the shops are to be married soon. Speculation is now on as to just who the contracting parties are.

Stinnett-Aldridge.

W. F. Stinnett, of Oakton, Ind., formerly of Harned, this county, was married to Miss Ruth Aldridge, of Harnedville, last Thursday evening in the Methodist church at Harnedville by Rev. E. R. Bennett. Friday morning Mr. and Mrs. Stinnett left Harnedville for Oakton, Ind., where they will reside.

Miss Aldridge is the popular and charming daughter of Mr. and Mrs. Squire Aldridge, of Harnedville. Mr. Stinnett is a thirty year farmer and has a wide acquaintance in Breckenridge county. He went from Harned to Oakton about two years ago.

Cleopatra, as Presented.

Cleopatra received Egypt as a present from Julius Caesar. Lucullus, Sulla and Pompey each gave away half a dozen kingdoms. Antony gave the little kingdom of Judaea to Herod. One of the excellent stories of the past is that the Emperor Constantine gave Rome and all Italy to Pope Sylvester, who cured him of leprosy. King John, called Lackland, being excommunicated by Pope Innocent III., gave to that pope and his successors the kingdom of Ireland and England. Proper Treatment of Pneumonia.
Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. It was built and endowed by a misogynist of the Stuart period who objected to having his devotions distracted by the sight of the hated sex and, sympathizing with male pederasty, entrusted expressly to this division in his deed of endowment—London Standard.

The Wickedest Bit of Sea.
Nine out of ten travelers would tell inquirers that the roughest piece of water is that cruel stretch in the English channel, and nine out of ten travelers would say what was not true. As a matter of fact "the wickedest bit of sea" is not in the Dover strait or in yachting, for example, from St. Jean de Luz up to Pauillac or across the Mediterranean "race" from Cadix to Tangier, nor is it in rounding Cape Horn, where there is what sailors call a "true" sea. The "wickedest sea" is encountered in rounding the Cape of Good Hope for the eastern ports of Cape Colony—Shipping World.

The Malls in Sweden.
In certain parts of Sweden, where the most absolute confidence is reposed in the honesty of the people, a very informal postal system is in vogue. As the mail steamer reaches a landing place a man goes ashore with the letters, which he places in an unlocked box on the pier. Then the passerby who expects a letter opens the box, turns over the letters and selects his own without being questioned by any one.

Millions of the world's best people use Cuticura Soap, assisted by Cuticura Ointment, the great skin cure, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for baby rubbers, itching and chafings, for annoying irritations, or too free or offensive perspiration, for ulcerative weaknesses, and many sensitive, antiseptic purposes which readily suggest themselves to women, especially mothers, as well as for all the purposes of the toilet, bath and nursery.
